Palm Bay Music is a vibrant independent Music Publishing company run by writers, for writers. We offer a fair, flexible, transparent and creatively rewarding publishing option to the makers of music. We are dedicated to changing the future landscape of the music industry by making it more accessible to diverse creators and decision makers.

Some say that success in the music industry comes down to knowing the right people or being in the right place at the right time. Is it really so heavily reliant on chance or are there other factors at play that explain why doors seem to open more easily for some than others? We are launching a brand new writer development programme to nurture, elevate and financially support those who are currently underrepresented to become the UK's music leaders of tomorrow. Palm Bay Music is running a series of songwriting camps offering young writers, producers and artists a fee to create, be mentored, network and receive feedback from established industry professionals.

This particular songwriting camp will be dedicated to [synchronisation](#) (writing for tv, film and adverts). Synchronisation is a fast growing sector that can provide exciting career progression opportunities and be a considerable income stream for songwriters.

We imagine a world in which equal opportunity and songwriting exist in harmony. We want to rebalance the writing session room and lead the way in valuing creatives by paying them a wage for their work. If you want to make new music for sync in an inclusive environment where you will be supported and can let your creativity glow, you've come to the right place.

Successful songwriter applicants will:

- Spend 5 days collaborating with emerging songwriters and creative industry professionals.
- Be paid a living wage
- Receive a £300 bursary towards equipment, training or PRS registration.

- Pitch your music for sync opportunities
